

## Penrhos coastal park Design competition

Way marker signs will be used around the park to show people which way to go. Winning designs will be used in the park and on the website. Please make your design show something you like about the park, or about what you do when you visit.

Your design can be hand drawn, computer generated or a photograph. By submitting an entry you give permission for us to use your design in the park or on the website. No entries can be returned. Winners will be notified by us.
